## Amphenol® RF

<https://www.amphenolrf.com/>

- RF Connectors
- RF Adaptors
- RF Cable Assemblies
- RF Antennas
- RF Attenuators
- RF Terminations
- RF Connector Accessories and Tools

<https://www.east-ever.com/>

- RF SMD Baluns ( Transformers ), RF SMD Couplers, RF SMD Splitters
- SMD Air Coil Inductors, SMD Power Inductors, SMD Flat Top Air Core Inductors, Toroidal Inductors
- Common Mode Chokes, High Current Power Inductors, LAN Transformers, Power Line Chokes
- Rod Choke Inductors ( Horizontal and Vertical )

- RF Coaxial Adapters
- RF Attenuators
- RF Coaxial Cables
- RF Flexible Cable Assemblies
- RF Test Cable Assemblies
- RF Cable Assemblies ( Phase Stable )
- RF Couplers
- DC Blocks
- End Launch Connectors
- RF Filters
- RF Terminations
- RF Power Divider / Splitters
- RF Switches
- Low PIM ( Passive Intermodulation Components )
- Waveguide Components

### Ceramic Capacitors

- Middle Voltage X7R and NP0 (100Vdc to 630Vdc)
- Normal Chip Capacitors (less than 1uF)
- Low Bias Capacitors (2.2uF and above)
- 125°C High Capacitance Capacitors
- Safety Certified Capacitors
- Automotive Grade Capacitors
- Large Size Multilayer Capacitors
- High Voltage X7R and NP0 (1KVdc to 5KVdc)
- High Capacitance Capacitors (1uF and above)
- Excellent DC Bias Capacitors (1uF and above)
- High Capacitance NP0 (1nF~120nF)
- Low-Loss, High Frequency Capacitors
- Low DC Bias Capacitors
- Stacked Capacitors

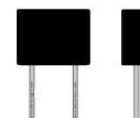

<https://www.johansontechnology.com/>

- Antennas
- RF Capacitors
- Ceramic RF Inductors
- Ceramic Coaxial Resonators
- Modules and Substrates
- Chipset specific RF Front End Solutions
- Integrated Passives
- Baluns / Balun Filter combinations
- Bandpass, High Pass, Low Pass Filters
- Diplexers, Triplexers
- Couplers, Power Dividers

<https://www.johansondielectrics.com/>

- SMD AND LEADED CAPACITORS
- AC Power Capacitor
- High Temperature Capacitors
- Large Size MLC Capacitors to 5 kV
- Polyterm Ceramic Capacitors
- Tanceram Capacitors
- Switchmode Capacitors
- EMI Filter and Decoupling Capacitors
- High Voltage Capacitors
- Multi Layer Ceramic Capacitors to 200 V
- Safety Capacitors
- Tin Lead MLCC Capacitors
- Stacked Capacitors

<https://www.taisaw.com/en/index.php>

- RF SAW Filter
- SAW Duplexers
- Crystal Filters
- TXCO
- IF SAW Filter
- SAW Oscillators
- Crystal Oscillators
- VCTXCO
- SAW Resonators
- Crystal Resonators
- Voltage Controlled Oscillators
- OCXO

RFCOMPONENTS.COM.AU

<https://www.temwell.com/>

- RF Connectorized Filters, Cavity, Stripline, Interdigital, Spiral, Comb, LC
- SMD Dielectric Filters, DR Resonators, TE Resonators
- PCB Helical Filters, SMD, Through Hole including Toko Equivalents
- Variable Coils / Inductors, Through Hole and SMD
- Alternative products to Murata, Coilcraft, Toko, Sumida and more

<https://www.telegaertner.com/en/>

RF Connectors / Adapters & Cable Assemblies including LOW PIM ( Passive Intermodulation) & Jumper Cables  
RF Testing products ( Connectors, RF Coaxial test leads ), Surge Suppressors,  
LOW PIM Splitters, Directional Couplers, Tappers, Hybrid Couplers, Multi Port Combiners, LOW PIM Loads  
Tools, ( Crimpers, Torque Wrenches, Spanners, Stripping and Flaring Tools, Terminating Tool sets)  
Cable Boots and Cable Sealers

<https://www.wellshow.com/>

- RF Coaxial Connectors
- Mini RF Coaxial Connectors, UFL, IPEX, MURATA, HRS
- RF Antennas
- Coaxial Cable Assemblies
- Coaxial Cable

<https://www.weipuconnector.com/>

- Circular Connectors
- Push Pull, Threaded, Bayonet
- Panel Mount Circular Connectors
- Customized Connectors and Assembled Cables

### Voltage Controlled Oscillators

- CLV Series VCOs: Wide Frequency Range • Low Phase Noise • Low Harmonics
- CRO Series VCOs: Low Tuning Sensitivity • Ultra-low Phase Noise • Low Frequency Drift
- DRO Series VCOs: Exceptional Spectral Purity • Low Power Consumption • Ultra-fine Tuning Precision
- SMV Series VCOs: Exceptional Spectral Purity • Low Power Consumption • Ultra-fine Tuning Precision
- TRO Series VCOs: Exceptional Phase Noise • Small Size • Low Power Consumption
- USSP Series VCOs: Ultra-compact Size • Low Phase Noise • Low Power Consumption
- V Series VCOs: Low Phase Noise • Linear Tuning • Octave Bandwidth

### Programmable PLL Products

### Fixed Frequency PLL Products

### Fixed Frequency PLL Products with Internal Reference

### Custom, VCO's

<http://inspower.co.kr/>

### RF Power Amplifiers

- CELLULAR POWER AMPLIFIERS
- BAND SPECIFIC POWER AMPLIFIERS
- BAND SPECIFIC POWER AMPLIFIERS
- Amplifier Systems
- LDMOS, GaN, MOSFET, GaAS FET and other technologies

<http://www.ketemicro.com/>

### RF Isolators

### RF Circulators

### Coaxial Attenuators and Terminations

### High Power RF Attenuators and Terminations

### RF Power Dividers

### Feed Through Capacitors

### RF Filters

### Power Supplies

- AC/DC
- DC/DC
- DC/AC
- AC/AC
- Enclosed
- DIN
- Open Frame
- Programmable
- Rack Mount
- Configurable
- LED Driver
- Charger
- Adaptor
- KNX
- AC/DC Bi-Directional

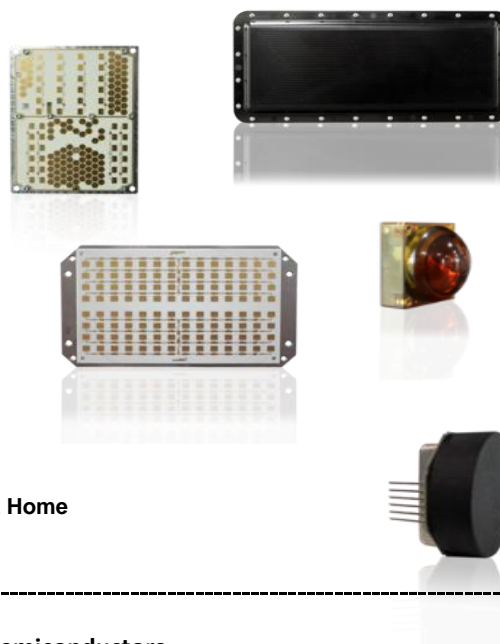

<https://www.innosent.de/en/index/>

### Radar Sensors and Systems

- Intersection management with / without Camera
- Safety Radar
- Motion Detection & Touchless Switch
- Security Radar
- MIMO Radar

### Industries

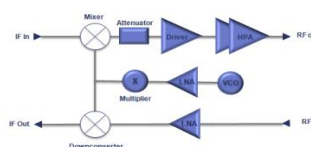

- Automotive
- Security
- Traffic Radar
- EMS
- Robotics & Smart Factory
- Building Automation / Smart Home
- Level Measurement

### Surface Mount and DIE RF Semiconductors

<https://www.ums-rf.com/products/>

- RF Amplifiers - Power, Low Noise, Voltage Variable, Digitally Variable.
- RF Attenuators - Analog and Digital
- RF Detectors & Phase Shifters
- RF Down Converters, RF Front Ends & Multipliers
- RF Switches
- GaN Transistors

### - Standard and LOW PIM ( Passive Intermodulation Products )

- RF Cavity Filters
- RF Cavity Duplexers and Multiplexers
- Through Hole and SMD Filters to 40 GHz
- RF Cable Attenuators
- LOW PIM Connectors and Adaptors
- LOW PIM Cable Assemblies

Amplifiers

| Detectors

| Switches

| Mixers

<https://www.guerrilla-rf.com/>

- LNA's
- PA's, Gain Blocks, Drivers
- Mixers
- Failsafe Devices
- RF / Microwave Switches
- RF / Microwave Power Detectors
- Digital Step Attenuators
- X-Microwave Prototyping Blocks

- GaN Transistors
- Pre-Matched GaN Transistors
- Discrete Asymmetrical Doherty Devices
- GaN Dies
